SUNDAY SCHOOL - 8:45 AM
WORSHIP SERVICE - 10:00 AM

DEVOTION/PRAISE & WORSHIP DEACONS/MUSIC MINISTRY

CALL TO WORSHIP

The law of the *Lord* is perfect, converting the soul: the testimony of the *Lord* is sure, making wise the simple. The statutes of the *Lord* are right, rejoicing the heart: the commandment of the *Lord* is pure, enlightening the eyes. The fear of the *Lord* is clean, enduring for ever: the judgments of the *Lord* are true and righteous altogether. More to be desired are they than gold, yea, than much fine gold: sweeter also than honey and the honeycomb. Amen! (*Psalms 19:7-10*)

DR. PATRICIA BATH

Dr. Patricia Bath (born 1942) revolutionized the field of ophthalmology when she invented a device that refined laser cataract surgery, called the Laserphaco Probe. She patented the invention in 1988, and today she's recognized as the first female African American Doctor to receive a medical patent.

Dr. Bath is a trailblazer in other areas, too: She was the first African American to finish a residency in ophthalmology at New York University; the first woman to chair an ophthalmology residency program in the U.S.; and she co-founded the American Institute for the Prevention of Blindness. If that weren't enough, Bath's research on health disparities between African American patients and other patients gave birth to a new discipline, "community ophthalmology," in which volunteer eye workers offer primary
